To whom it may concern

May 15, 2023

**IMU Membership Confirmation – Spain**

I hereby confirm that Spain is a full member (Group IV) of the International Mathematical Union (IMU). Spain's membership is longstanding, it has been continuous since 1952. Since 1 January 2015, the Adhering Organization for Spain has been the "Comité Español de Matemáticas (CEMat)".

As the Adhering Organization for Spain, CEMat has the permission of the IMU to reference its membership in the IMU and use the IMU's logo as required in its statutes.

I hope that the above confirmation is sufficient. If you require any further information or clarification, please do not hesitate to contact me.

Best wishes

Christoph Sorger  
Secretary General of the International Mathematical Union
